- KS2 Sports Day – AM – Tuesday 8th July
- KS2 Music performance- 2:30pm – Tuesday 8th July
- Last day of school – 2pm - Friday 18th July

PE

Year 5 will be doing rounders on a Tuesday and a bikeability session on a Friday.

Kit needs to be black/navy/grey jogging bottoms/leggings or shorts and a plain white t-shirt. These need to be **plain with no logos**.

Homework

- **Your child will need to read 3 times a week**
- **Learn their weekly spellings and record each word in a sentence**
- **Complete 30 minutes a week on Times Table Rockstars**
- **Complete their home learning topic booklet**

If your child is unable to complete any aspect of their learning at home the Y5 team will provide your child with the opportunity to catch up either in a break or lunch time.

Reading Books

Reading books need to be in school every day. To support your child's reading ability, it is essential to hear them read as part of their home learning.
If children are unable to read at home, they will be given the opportunity to read during their free time e.g. 10 minutes reading at lunch/break

Please check you are able to access Seesaw and Boomreader. These APPs are used to share children's work in school, to communicate and share homework and important dates.

Sow, grow and farm project

In the Sow, Grow and Farm project, your child will learn about allotments in the United Kingdom and how the government encouraged people to have them. They will learn about food webs and animal life cycles, including how living things are dependent on one another within a habitat. They will investigate the different ways that plants reproduce and will dissect flowering plants to identify the different structures. They will have the opportunity to learn about farming in the United Kingdom and the techniques used in modern farming, including the challenges that farmers face. They will learn about the benefits of eating seasonally and about the pros and cons of importing food. They will also learn about world farming and how the different climate zones affect where different foods can be grown.

Children will be given a homework pack to complete linked to this project. This needs to be completed by **Friday 11th July and returned to school.**
