

Library - starts after the February half term

If your child is not on a reading book, on Tuesdays, these children will choose a library book from the school library.

Access to a range of reading materials is essential for young children, to develop a love and passion for reading.

Please share this book with your child and read it with them each week and make a short comment or smiley face in their Reading Record book and then we will know they have shared it with you and they will be able to change their library book on the following Tuesday.

Please teach your child to respect the books by handling them carefully and keeping them safe.
